1. I reviewed with Shef Edwards and some of his boys plans for sealing off the Clandestine Services area in the building. They were fighting the problem a little bit. I made some suggested changes and asked them to finalize their presentation so that we could discuss it with Dick Helms. *H*

2. Jim Garrison advised me that we might be short on money for Building [REDACTED] I asked him to firm this up as soon as possible.

3. Jim also advised me that the Chief of the Chemical Division of TSD has placed an order for \$20,000 with a company without clearing it with Logistics. The order was classified, and this action was taken without obtaining proper security clearance. I told Jim that I wanted a full report on this as soon as possible.

4. The Director advised me that he wanted to establish new executive salaries for the "Assistant to DCI for Coordination and Intelligence Community Guidance" and the "Executive Director" at \$20,000. He also wanted to raise the Comptroller and the General Counsel to \$19,750. The Inspector General is already at this level. He approved of [REDACTED] being raised to \$19,000. *H*
